United Kingdom. Teachers staff polling booths during elections, which is one reason no party wants to crack down on teachers: they may retaliate by collaborating with rivals in stuffing ballots. For many authors, private investments were the major driving force for growth during the s and have thus indirectly favoured divergence across States Rao et al. Politicalinterferencehaserodedtheindependenceandqualityofinstituti The policy was meant to protect employment, but over the longer run it prevented India from tapping world markets and creating better quality employment from export orientation. Consequently, the limited resources of a still-poor country are constantly being wasted on a massive scale instead of being used to build the economy, social infrastructure, and effective safety nets. Their poverty ratio declined in that seven-year period by Bothpartiestendtoadoptaleftist rhetoric, based on redistributive poli new government moved decisively to contain the crisis through a classic stabilization program consisting of a reduction in

the fiscal deficit and a currency devaluation. But its leadership is showing no interest in serious reform.
