This book shows many of the inventions found in Da Vinci's notebooks, with their modern counterparts. While this was very interesting, I had hoped it was more of a biography of him, including his artistic creations.

On Leonardo's pages, his notes are written in backward script. He studied and The opening two-page spread of Leonardo looking about and sketching may strike you as just a way of setting Leo within the context of his times. At the beginning of Neo Leo Barretta writes in his Author's Note that Leonardo wrote backwards and no one really knows why. I truly enjoyed it! The bicycle is a good example of .
