Moreover, entrepreneurship is highly demanding in several domains and requires individual coping skills. These are the more general goals, but they are presented in details in several business plans and policies of the Bank, which are very ambitious. In auxiliary, we will also discuss the present practices and challenges that may be faced by the Islamic Banks in implementing such solution to their core businesses. Entrepreneurship in the new competitive landscape. Open Access Theses and Dissertations. The study does not build on the entrepreneurial readiness concept to determine how it relates to productive and unproductive youth. Chinese are both, one of the fast growing ethnic communities in Europe and one of the most entrepreneurial.

Another important question is how to balance an investment portfolio including research showed that SMEs were using latest technologies and owners played the key role of marketer.
