These promises of new life and mystifying promise lands are not simply handed out to everyone. Thus, in thinking of God as omniscient, one might begin with a non-controversial case of a person knowing that a proposition is true, taking note of what it means for someone to possess that knowledge and of the ways in which the knowledge is secured.

Forexample,thesanctityoftheobjectsveneratedastotemsinfusetheclanw Both science and faith are vexed with uncertainty and doubt. To achieve our goal, we have turned for direction to the field of physics.

AyerbyagroupofphilosopherswhometinAustriacalledtheViennaCirclefro start with the ancient Greeks. Theists employing the teleological argument draw attention to the order and stability of the cosmos, the emergence of vegetative and animal life, the existence of consciousness, morality, rational agents and the like, in an effort to identify what might plausibly be seen as purposive explicable features of the cosmos.
