There is thus some security for the rural poor who in prewar
days would have first tried to obtain loans for their land,
then either lose it, and usually be forced to move to the
towns to find work in petty, or undesirable service work, or
else remain on the mortgaged land with the obligation to
deliver ever increasing amounts of produce to their creditors
at below market prices. Students and scholars are aware of the
enormous and contentious literature on this subject.

At the high end, US critics seem to be more forgiving than UK
ones, cutting an author slack for trying, albeit failing, to
reach for. As an example: a hundred years ago transatlantic
flight would have been science fiction if incorporated into a
story.

access to reliable information worsens in direct relationship

to the deterioration of local politics; rising insecurity and polarized politics hamper independent information-gathering and politicize the views of local informants. Some writers like to print out text regularly to see better how the writing is developing from paragraph to paragraph and from page to page.
