Even between the time I wrote Super Graphic and the time it was published, things have changed so much, so it was impossible to make everyone happy. And that's kind of what the whole point of the book was: that they embrace and appreciate that obsessiveness. Plus, as suggested in the title, the author focused on the visual aspect of his work.

I was particularly taken aback by the Punisher's skill coun Geek heaven - amelo
In more human terms, this means that whenever you buy a book on Amazon from a link on here, I receive a small percentage of its price. For example, some infographics discuss which demographics reads comic books, which characters won most often in Marvel Universe Trading Card Series, and which comic book writers are the most prolific. Next, I moved on to 11 x 17, having to write in really small type just to fit everything on . Added points for being interesting. It's full of not only comic-book trivia and facts, but also blends with movie adaptations and has a few pages on cosplays and conventions.
